

This newsletter highlights the dispatch statistics from the month of October 2015 and any notable and newsworthy accomplishments the system accomplished during this month.

October 2015 LEAPS Dispatches Supported

November Status

LEAPS was dispatched a total of 360 times in the month of October to support a wide range of field operations and surveillance events. The LASD formally logged 230 LEAPS dispatches listed in the graph below.

LEAPS was architected with airborne sensors and ground-based instrumentation to augment Law Enforcement operations. The mission of LEAPS is to provide an affordable, reliable, manned, aerial surveillance system that integrates with existing Law Enforcement and/or Local Government’s infrastructures.

About us

LEAPS is dedicated to providing high quality aerial surveillance operations to the City of Lancaster. LEAPS is operated and maintained by AVLLC for the city of Lancaster to provide real time video to LASD to support daily operations and tactical initiatives.
