LAW ENFORCEMENT AERIAL PLATFORM SYSTEM (LEAPS) PROVIDES SURVEILLANCE FOR LANCASTER WITH AERIAL OBSERVATION

During January 2017, LASD formally logged 35 LEAPS service calls where tactical field operations were supported. LEAPS was dispatched 63 times for a total of 16.5 hours and was airborne and available for 216.9 hours.

LEAPS provided airborne observation and support in the arrest of 12 suspects. These included assistance in the arrest of a barricaded robbery suspect. LEAPS additionally provided aerial observation and support in the arrests of suspects by patrol deputies during a felony traffic stop.

Decreased utilization with LEAPS operations was a result of poor visual flight rules weather in January. Operations were still successful with an increase in arrests. Surveillance observations were maintained to continue the LASD Lancaster Station's protection of the Community.

12 Arrests

**18** Surveillance Observations

6 Other Offenses, Suspicious Circumstances

4 Burglary Robbery

3 Traffic Stop

1 Persons with Guns
