LAW ENFORCEMENT AERIAL PLATFORM SYSTEM (LEAPS) PROVIDES AERIAL OBSERVATION SURVEILLANCE FOR THE CITY OF LANCASTER AND THE LASD

During June 2017, LASD formally logged 113 LEAPS service calls where tactical field operations were supported. LEAPS was dispatched 138 times totaling 40.9 hours and was airborne and available for 370.1 hours deterrent strategic surveillance.

LEAPS provided airborne observation and support in the arrest of 35 suspects. An increase in the number of vehicle calls was noted. Additionally, 3 reserve deputies have been trained and are proficient in operating LEAPS, resulting in a greatly increased utilization and reduction in safety hazard exposure to Deputies and Lancaster Citizens.

The LEAPS 300 sensor was returned to service pending the return of the TASE 400 sensor which is being serviced. Sample TASE 400 captured video is available for view at the <http://aeroviewllc.com/video/> website.

In addition to providing a force multiplier to the LASD in support of criminal activity suppression and deterrence, and search and rescue support, the LEAPS activity returns 99% of its revenue to the Lancaster community in the form of (1) salaries for pilots and systems support staff, (2) ongoing support from businesses at Fox Field for airframe maintenance and FAA compliance, avionics support and fuel, (3) ongoing support from local Lancaster businesses for purchasing and fabrication of LEAPS components and subsystems, and (4) local taxes and fees. This is further underpinned by Aero View LLC's commitment to remain headquartered in Lancaster for ten years. Taxes and fees account for less than 1% of costs. The LEAPS also provides the City of Lancaster with tactical and strategic reconnaissance support for (1) civic functions and activities, (2) emergency first responder support and (3) Department of Public Safety activities.
