LAW ENFORCEMENT AERIAL PLATFORM SYSTEM (LEAPS) PROVIDES AERIAL OBSERVATION SURVEILLANCE FOR THE CITY OF LANCASTER AND THE LASD

During November 2018 and with limited deputy support due to fires and other emergencies throughout the county, LASD formally logged 8 LEAPS service calls supporting tactical field operations. LEAPS was dispatched 25 times totaling 9.8 hours and was airborne providing strategic surveillance for 304.5 hours.

LEAPS provided airborne observation and support in the arrest of 1 suspect. Notable incidents during the month of November included the support of Lancaster city code enforcement personnel as they provide assistance and alternatives regarding homeless encampments within the city. Aerial imagery of multiple encampments was obtained.

LASD sworn deputies are utilized as LEAPS ground system operators. Operators are able to easily search for and obtain recorded video from the LEAPS system to aid in criminal prosecutions. Visit www.aeroviewllc.com for additional information.
