LAW ENFORCEMENT AERIAL PLATFORM SYSTEM (LEAPS) PROVIDES AERIAL OBSERVATION SURVEILLANCE FOR THE CITY OF LANCASTER AND THE LASD

During February 2019 and with numerous sorties lost due to inclement weather, LASD formally logged 21 LEAPS service calls supporting tactical field operations. LEAPS was dispatched 48 times totaling 10.6 hours and was airborne providing strategic surveillance for 200.2 hours.

LEAPS provided airborne observation and support in the arrest of 5 suspects. Additional support of Lancaster patrol deputies and detectives included the surveillance of specific targeted locations. Detectives are able to obtain aerial imagery and data in the evidence gathering stages of property crimes and crimes against persons investigations.

LASD sworn deputies are utilized as LEAPS ground system operators. Operators are able to easily search for and obtain recorded video from the LEAPS system to aid in criminal prosecutions. For more information regarding LEAPS, please visit www.aeroviewllc.com.

Includes abandoned vehicles, traffic stops and accidents, auto theft, drunk driving, hit and run

15%

OBSERVATIONS

General over flights, virtual patrol and non-specific calls

In addition to providing a force multiplier to the LASD in support of criminal activity suppression and deterrence, and search and rescue support, the LEAPS activity returns 99% of its revenue to the Lancaster community in the form of (1) salaries for pilots and systems support staff, (2) ongoing support from businesses at Fox Field for airframe maintenance and FAA compliance, avionics support and fuel, (3) ongoing support from local Lancaster businesses for purchasing and fabrication of LEAPS components and subsystems, and (4) local taxes and fees. This is further underpinned by Aero View LLC's commitment to remain headquartered in Lancaster for ten years. Taxes and fees account for less than 1% of costs. The LEAPS also provides the City of Lancaster with tactical and strategic reconnaissance support for (1) civic functions and activities, (2) emergency first responder support and (3) Department of Public Safety activities.

AeroView specializes in aerial surveillance solutions and operations at a competitive price point.

AeroView operates the LEAPS aircraft seven days a week 365 days a year for the City of Lancaster.

AeroView provides via SCSI all training, maintenance, and technical support for the City of Lancaster's LEAPS aircraft, camera and ground equipment.
