LAW ENFORCEMENT AERIAL PLATFORM SYSTEM (LEAPS) PROVIDES AERIAL OBSERVATION SURVEILLANCE FOR THE CITY OF LANCASTER AND THE LASD

During August 2019, LEAPS was dispatched 62 times totaling 20.6 hours providing tactical surveillance and was airborne providing strategic surveillance for 343.4 hours.

LEAPS provided airborne observation and support in the arrest of 11 suspects. During this month, LEAPS had a significant role in several incidents. LEAPS was overhead shortly after a local market was robbed. LEAPS was able to locate and track the fleeing suspect to the suspect's home, where that person was arrested. LEAPS also provided surveillance during a foot pursuit of a burglary suspect. LEAPS provided surveillance during the possible shooting containment at the Lancaster station.

LEAPS is also used to provide surveillance for specific targeted locations. Detectives use the system to obtain aerial imagery and data in the evidence gathering stages of property crimes and crimes against persons investigations. AVLLC specialists provided one-on-one LEAPS operations training to several operators and detectives.
