LEAPS PROGRESS REPORT

October 2019

Vol 5-10

LAW ENFORCEMENT AERIAL PLATFORM SYSTEM (LEAPS) PROVIDES AERIAL OBSERVATION SURVEILLANCE FOR THE CITY OF LANCASTER AND THE LASD

During September 2019, LEAPS was dispatched 102 times totaling 25.5 hours providing tactical surveillance and was airborne providing strategic surveillance for 319.2 hours. The LASD deputies utilizing the LEAPS system have provided significant support to the safety of our community as shown in this month's statistics.

This month, LEAPS provided airborne observation and support in the arrest of 16 suspects. LEAPS provided aerial surveillance during a Los Angeles County Department of Children and Family Services (DCFS) warrant. LEAPS was used to look for any fleeing suspects and to let responding deputies know of any movement on the property before they arrived.

LEAPS is also used to provide surveillance for specific targeted locations. Detectives use the system to obtain aerial imagery and data in the evidence gathering stages of property crimes and crimes against persons investigations. AVLLC specialists provided one-on-one LEAPS operations training to several operators.
