"EYES ON THE EVENT IN 5 SECONDS"

During December 2019, LEAPS was dispatched 272 times totaling 44.0 hours providing airborne tactical and strategic surveillance for 290.4 hours. LEAPS provided real-time imagery within the Lancaster and surrounding incorporated and unincorporated areas in the Antelope Valley Los Angeles County Sheriff's Department (LASD) area of responsibility.

This month, LEAPS aided in the capture of an assault with a deadly weapon suspect who was walking away from the scene at a fast food restaurant at 15th West and Avenue I.

LEAPS provided assistance to deputies for a man threatening merchant security with nunchucks at a local grocery store on Valley Central Way.

LEAPS provided real-time coverage during a CHP vehicle pursuit. The Infrared camera was used to provide coverage during this night-time pursuit from Highway 14 to Division and Avenue J.

LEAPS also provided coverage for an LASD foot pursuit on Lingard Street. In Lancaster.

During the "Christmas on the Boulevard" event LEAPS provided live surveillance for LASD deputies on the ground providing real-time support for Lancaster Citizens safety.

Responding to several illegal dumping calls in the desert on the outskirts of Lancaster, LEAPS searched for suspects with real-time video to the Lancaster Station.

Moments after a reported house fire, LEAPS was the first on scene and provided real-time video to show that there was no fire in progress near 15th West and Torbay Court.

Being first on scene for a reported "jumper" call on the overpass at Avenue H and Sierra Highway LEAPS real-time video was able to show that there was no jumper.

Responded to a citizen reported possible DUI driving west on Avenue K at 60th West and tracked for possible erratic maneuvers.

The LEAPS video is supplied in real time as a "Point to Point-Closed Network System" (Plane to Command Center), enabling LASD to track an individual or event in either the visible or infrared spectrum until ground personnel can question or apprehend a suspect. The real-time video is immediately in the hands of the LASD Lancaster Station and the evidentiary chain remains unbroken.
