During August 2021, LEAPS was airborne 31.7 hours and dispatched 63 times for 8.5 hours of airborne tactical support and 23.2 hours of strategic surveillance with real-time visible and infrared (IR) imagery within the Lancaster and surrounding unincorporated areas in the Antelope Valley Los Angeles County Sheriff's Department (LASD) area of responsibility.

Dispatch results for this month fall into distinct categories summarized to the right on this page. Dispatches from the Lancaster LASD station covered an area generally defined by Ave D on the North, 70th on the East, Ave V on the South and 90th to the West; encompassing 280 square miles. Some specific events include the following:

In response to the report of a pit bull biting an individual received by the Lancaster Station, LEAPS was dispatched to the site where an individual had told their dog to bite another person with whom an argument was underway. The suspect drove away with the dog in a truck. LEAPS followed the truck to a location some two miles away and directed Deputies to the site where the suspect was detailed.

Given the heat and drought, LEAPS responded to several reports of brush fires. One was south of Palmdale on Carson Mesa Road, at 30th West near Lancaster Boulevard in an open field, and a vehicle fire on J-15.

Several vehicle related calls were responded to including a two vehicle collision at 25th W and Avenue K8, an injury collision at 20th E and Avenue K, a vehicle roll over at CA 14 and Avenue N on-ramp, vehicle on center divider at Division and Avenue I, Dirt and Mini Bike riding in streets 10 W and Avenue J8 and 15th W and Avenue K, DUI at 70th W and Avenue K, among others.

LEAPS supported a stolen vehicle dispatch at 30th East and Avenue K. It located, tracked, followed to direct Deputies as it fled into desert and resulted in detaining two individuals.
